Vocabulary

1. Archetype or Etheric Template:

D5 level of the Auric Field, center of Soul consciousness, which sets the pattern for our Etheric Body. It is the highest level of body pattern that the physical body aligns with during the Blue Flame Meditation. During Soul embodiment, the D5 Archetype or Archetypal Body merges with the Physical Incarnate.

2. Blue Flame Meditation:

It prepares the chakra systems and energy fields in our bodies to receive the energies from the higher dimensions—from the Morphogenetic Field and the higher chakras. By bringing the 5th dimensional frequencies into the physical body, you get the soul focused

in the body. It also begins the process of transmuting the embodied PCM units into higher dimensional PCM units—you must first translate them on that level before you bring in the morphogenetic field.

3. Cosmic Matrix:

The energy system in which our universe and all other universes reside. There are 6 spirals of energy that emerge from the Yunasai. Three of them move in a clockwise direction, and 3 in a counterclockwise direction. At the end of each arm is a 15-Dimensional Matrix. So there are 6 15-Dimensional Matrices, and we in our Earth system reside in 1 of these 15-Dimensional Matrices.

4. Dimensional Scale:

There are 2 interwoven, counter-rotating Dimensional Scales in a 15-Dimensional Matrix, one for the Particum (PCM) Particle Universe and the other for the Partika (PKA) Anti-particle Universe.

5. Higher Self:

There are 2 definitions/versions stated explicitly in this DVD segment:

- (a) Our personal identity here in Harmonic Universe 1 that serves as a liaison between the Soul and Oversoul.
- (b) The bridge between D3 and D5.

6. Yunasai:

Center of the Cosmic Matrix, God, Great Central Source of Intelligent Identity. We are all composed of particles that are conscious units of the Yunasai. It creates and forms and holds together the entire electromagnetic structure upon which the universe is built.

Attitudes & Responsibilities of Mastery

Attitude of Mastery #6

TRUST — Knowing the Power and Love of the ALL-ONE-ness.

Responsibility of Mastery #6

SPIRITUAL INTEGRITY: It is our absolute responsibility to choose to act with spiritual integrity at all times. There is no excuse to knowingly violate the spiritual rights of others, regardless of how poorly they may react to you. Spiritual Integrity requires that we begin to LOOK AT what we are REALLY doing in the way we live our lives. Do our eating habits violate the plant, animal or Earth kingdoms? Do our choices of words and actions show respect for other people and other life forms? Do we "play the survival of the fittest" lack-game to give ourselves an excuse for unethical behaviors in money matters, such as showing our silent rebellion against the government by trying to "cheat" on taxes, or by "showing up" a fellow employee at work to prove you are more worthy and thus more entitled to favor? Do you "tell people what they want to hear" in order to gain their approval and support, even if it is not fully true and does not reflect your personal needs or feelings? Do you try to "get others to do your share" as far as work or responsibilities? Do you use erroneous excuses such as race, gender, creed, academic or economic status to justify disrespectful, exploitative or unkind treatment of others? Spiritual Integrity requires that we take a good hard, *frequent* look at how we conduct our lives, to face the areas of activity in which we are performing in less than spiritually congruent ways and to employ active commitment and discipline to bring these areas of our lives into Spiritual Integrity. One does not "get through the gates of Heaven" (or anywhere else desirable) through using

excuses for not employing *genuine*, not feigned, Spiritual Integrity. Cultivating spiritual integrity is a major responsibility on the path of spiritual mastery, and the way the universe works, you "can't leave home without it." This means that there is a *biological* reality of spiritual integrity that manifests chemically within the DNA as a result of that state and focus of consciousness. If you do not possess a sufficient amount of spiritual integrity in your consciousness, neither will your DNA Template. And though you might be able to "pull the wool over the eyes of others," your own biology will be eventually be your own task master. Passage through *any* stargate requires a sufficient amount of chemically encoded spiritual integrity of consciousness.
