## Questions and Answers

1. **The illusion of time is created \_\_\_\_\_?**
  - As Identity expands upward into the dimensional scale.
2. **What is expansion?**
  - The process of absorbing more dimensions into our consciousness.
3. **What happens when you think a thought?**
  - Your consciousness is in a certain set of dimensional bands and that thought becomes a Morphogenetic Field right there within the greater Morphogenetic Fields of those dimensional bands. You have planted a seed and the nature of thought is that it draws to itself like particles and fills itself out in matter.
4. **What is the trick to manifesting things?**
  - First you get out of your own way (the belief systems that are in your way). Then, to see something manifest you need to put it one dimension below your consciousness. You think a thought and then move your consciousness beyond it. This means you are raising your consciousness a full dimensional band above the thought. You will then see it as physically manifest.
5. **How was the human pattern created?**
  - The human pattern was created with the codes of consciousness that are called Diamond Codes of consciousness, which are the crystalline structures of the Morphogenetic Fields. These codes were taken out of all the twelve primary ancient stellar races and put together to form a new being that had the ability to straighten out any distortions in the Morphogenetic Fields of other stellar races. That being was called “Turaneusiam,” and that was the word they used to call humans. We were created out of the substance of the stellar races, so we will pass through those levels of expansion when we continue the ascension process.
6. **Our subtle anatomy has \_\_\_\_\_ Hova bodies?**
  - Five Hova bodies. They are light-sound grids. They are Morphogenetic Fields. They are scalar grids. They are energy eggs that we exist within.
7. **What is the advantage or benefit to having a Solar Rishi assigned to you quickly?**
  - It helps to build your Pillar of Light and protect you.

## **8. Why didn't we ascend out of here long ago, and why were things done to us to block this process?**

- Frequencies were removed (genetic manipulation) from our Morphogenetic Fields. In our other states of expansion, we got ourselves in some trouble. We “almost” blew up a planet, so higher dimensional beings decided to handle us with kid gloves and make sure we evolved slowly and responsibly. However, at this time our race's survival depends upon our expanding our consciousness.

# **Vocabulary**

## **1. Morphogenetic Field:**

The form-holding blueprints behind every manifestation, be it consciousness, be it identity, or be it matter. Basic energy field/structure behind a manifest form that allows it to keep its shape.

## **2. Idea Constructions:**

Structures of ideas that form Morphogenetic Fields. Every time you think a thought you are creating a Morphogenetic Field.

## **3. Partiki Grids:**

Grids of crystallized sound and light. They are Morphogenetic Templates that have crystalline substance. They are Crystal Bodies, and every thought you think has a Crystal Body.

## **4. Primal Matrix:**

It is the first manifestation level of a thought form. It is a matrix of interwoven energy fields. The primal matrix is the first level of God thought when we as God decided to create reality systems to experience ourselves through. The Primal Matrix was structured in a way that allowed for spherical/elliptical reality fields to be formed one within the other within the other. The first step in the process was the creation of God Seeds.

## **5. God Seeds:**

God Seeds are massive Gestalt Consciousness. They are identity. If we are the little pieces of God, they are the big pieces that we are expanding into and are our final stop before we become God. The God Seed is the first stage of individuation that you as a collective consciousness pass through to get here. The God Seed holds your true pattern of consciousness as it originally came out of God. The God Seeds create in sets of twelve. We have twenty-four God Seeds. They are what may be considered Scalar Grids.

## **6. Scalar Grid:**

A group of scalar wave patterns. A scalar wave is a standing oscillating wave pattern that pulses and emanates from a unit or a tone of sound and keeps it rooted within the Partiki Grids. Scalar Grids are really what Morphogenetic Fields turn into once they move past

their stages of being Partiki Units, then Partiki Strands, then Partiki Grids. As the units of consciousness continue to expand on them and fill them out they become grids of light and sound. They become Scalar Grids of energy patterns. We exist within a Scalar Grid.

#### **7. Monad:**

The Monad consists of points of union that are actually groups of pulses of 12. A Monad is the next level (after the God Seed) of your imprint into individuation. It is the first level of fragmentation or getting smaller of the God Seed to create family cosmic lines of consciousness. It is the point where you as an individual literally connect to the cosmos. You connect not only to your race and your species but also to all of the interstellar races that came before.

#### **8. Christ Consciousness:**

Christ Consciousness is the level of unity consciousness. You go from being that etheric matter being where you still had some solidity to you into what is called crystalline liquid light. It is a field of Gestalt Consciousness. This is your return home to an awesome state of being, and you can embody parts of this while you are here. You can bring parts of Christ Consciousness into you while you are here and get those liquid light infusions of your consciousness.

#### **9. ETs:**

ETs are beings from different Density levels. Those from Density 4 are Consciousness Gestalts of liquid light, and are considered Avatars. We have our own level of identity in each Density, which has its own signature, and energy. YOU at a different level.

#### **10. Ascended Masters:**

Non-dimensionalized beings who are out of the Time Matrix but are not yet up to the God Seed. YOU at a different level.
