## Questions and Answers

1. **What does Ashayana say about our point of entry into this Harmonic Universe?**
  - We all have a point of entry into this Harmonic Universe. In that point of entry, the experiences we have will set the holographic template for the rest of our experiences within that Harmonic Universe.
2. **What does Ashayana say about Cloister Race beings?**
  - The Cloister Race beings are those who had the DNA imprint of whatever root race strand they came in with, but also imprints of DNA strands 7 through 12 in dormant form, so they can activate them.
3. **What does it mean to be a Cloister Race Incarnate?**
  - Being a Cloister Race Incarnate means you will have a much longer incarnational memory. And the memories you do have will have to do with being involved with much larger projects than a person who isn't an incarnate of a Cloister.
4. **Why is it so important to do certain exercises that involve the Emotional Body?**
  - When we do these exercises we get in touch with the Emotional Body. When we allow the emotional imprint of incarnational memories to surface, we will get the incarnational memories back.
5. **What exactly is meant by “the Veils?”**
  - The term “veils” is used to describe the boundaries of perception that separate us from our eternal nature.
6. **How do Aparthi work?**
  - Aparthi draw in frequencies, and modulate frequencies. Aparthi are responsible for our seeing certain frequencies and not others, which allows us to see space between objects, rather than a solid unified field. Such modulation of frequency gives us the illusion of space in the hologram.
7. **What does Ashayana say about having her incarnational memory open?**
  - “It is a simultaneous phenomenon, parts of myself in different space-time vectors doing their thing. These abilities aren't unique to me; they are part of you, that you all have, that is dormant.”

8. **Which memory does everyone have dormant in their bodies?**
  - The memory of the fetal integration process
9. **What is so important about the memory of the fetal integration process?**
  - If you can start to feel the emotional qualities associated with the fetal integration process, you will start to feel very intensely the eternal reality of your self. Rather than having a belief that you came from elsewhere here, you will have a certainty and an absolute knowing.
10. **Who is Azara?**
  - A portion of Ashayana's being from the higher levels, a part of Ashayana's Rishi collective in Harmonic Universe 5. We all have those higher levels.
11. **Why did the Lyran Sirian Anuhazi cross with the Turaneusiam human imprint?**
  - To be able to incarnate in the human form in various density levels.
12. **What does Ashayana say about the Oraphim?**
  - The Oraphim are a very special family with a special type of gene code. The Oraphim using their energies together in a focused way are much more powerful than huge groups of humans that do not have Oraphim coding.

## **Six Steps Toward Joy With Others**

- 1. Own Your OWN STUFF:** When bothered, BREATHE, find the STILL POINT within, gently ask your Soul for solutions, and refrain from complaining and expecting others to resolve your issues. You have the power within to "unbother yourself" to restore joy, without violating the boundaries of others. Be assertive with others and lovingly ask

them not to dump their “stuff” on you, reminding them of their power to create joy. **Am I “dumping my stuff” on others right now? Am I allowing others to drain me by “dumping their stuff” on me? What are the real issues?**

(Taken from *Angelic Realities* handbook, page 79.)
